Pet CPR, First Aid and Care Training

Looking to learn even more skills to help your pet in an emergency?

Learn advanced life saving skills to further help your pet with this highly interactive training featuring "real world" hands-on skills challenges!!

Advanced Pet First Aid

Saturday, October 14th, 2017 - 9 AM - 12 PM
Suffolk Obedience Training Club
60 South 2nd Street, Unit X, Deer Park 11729

You save \$10 off regular \$65 fee with no further out-of-pocket expense for this fundraiser class!!

This class is for those who have completed our basic Pet CPR & First Aid training and wish to learn even more skills to help their pets. Training is geared towards Pet Parents, Pet Care Professionals (Groomer, Sitter, Walker, Vet Tech), Animal Rescue Volunteers and Emergency Service Personnel. Taught by a 25+ year seasoned pre-hospital care provider & educator, the class includes a review of key basic skills, new advanced techniques and hands-on skills challenges.

Hands-on skills training includes:

- Hemorrhage Control (impalements)
- Fracture Management (splinting)
- Safe Packaging/Transport of an Injured Pet

Hands-on review of key pet emergency care techniques
Emergency Muzzling ~ CPR (all 3 techniques) ~ Tourniquets

A unique aspect of our Advanced Pet First Aid Class is scenario based hands-on skills challenges in a variety of "real world" emergencies including Bleeding Control, Fracture Management, CPR, Poisoning & Medical Emergencies.

Put your training and skills to the ultimate test!!

\$55.00 per person (includes certificate of completion & emergency muzzle)
